ACCESS TO PHARMACY BENEFIT INFORMATION ON THE NAVITUS WEB SITE

Members enrolled in the State or Wisconsin Public Employers group health insurance programs, and who have their pharmacy benefits through Navitus Health Solutions, the State's pharmacy benefit manager (PBM) now have a new way to access pharmacy benefit information at Navitus.com.

On Friday, October 16, 2009, Navitus introduced a new, secure section on their web site called "Navi-Gate[®] for Members". Items that were formerly available through the Navitus.com public web site are now accessible only through "Navi-Gate[®] for Members". These include formularies, Prior Authorization (PA) forms and prescription drug benefit information

Because Navitus is providing access to private information, each member must register and create their own secure login to access the "Navi-Gate[®] for Members" site.

1. To start the registration process go to www.navitus.com
2. Select the "Members" / "Member Login" link near the top of the page.
