 Percentage of PCPs Accepting New Patients 84%
 Percentage of Board Certified Specialty Care Physicians 58%
 Number of Dentists Provider of Your Choice

ADDITIONAL INFORMATION

Referral Requirements UnitedHealthcare (UHC) provides you the freedom to see any network physician from our broad network of physicians and other health care professionals for office visits, at any time, without a referral from a primary physician. If specific covered health services are not available from a network physician, you may be eligible for benefits when covered health services are received from non-network physicians. In this situation, your network physician must notify UHC's Care Coordination to request a network gap exception. You and your physician will be notified in writing of the decision.

Prior Authorization Requirements In most cases, UHC does not require prior authorization before a physician can begin treatment. In general, network providers are responsible for notifying UHC's Care Coordination before they provide services to you. However you are responsible for notifying UHC's care coordination before or obtaining dental/oral surgery services or if you are admitted to a non-network hospital due to an emergency. (Please refer to the Outpatient Mental Health Network Policy section for requirements pertaining to mental health and substance abuse treatment.)

For in-network services, while the physician or other health care professional is responsible for notification to UHC, the ultimate responsibility resides with the member to ensure that this process was completed. Questions concerning Care Coordination can be answered by calling the telephone number on your ID card.

Medicare Claims Procedure If Medicare is the primary carrier, claims must be submitted to Medicare first. After Medicare processes the claim you will receive an Explanation of Medicare Benefits (EOMB). You or your physician should then submit an itemized bill and a copy of the EOMB to UHC.

OnLine Services As a UHC member, you will have access to myuhc.com for instant, convenient online access to health information. Once you receive your UnitedHealthcare ID card, you can register on www.myuhc.com and access services such as:

- Review claims and history
- Print an ID card
- Get personalized health information
- Personalized Health Risk Assessment with report card to print and share with your doctor.

To find participating physicians or facilities online, go to www.myuhc.com and click on View Physician and Facility to access our current provider listing. When entering your search criteria, select UnitedHealthcare Choice HMO/Choice Plus HMO plan from the drop down box.

Outpatient Mental Health Network/Policy Members need to call for an initial assessment. The Managed Mental Health and Substance Abuse Program for UHC is administered by UnitedHealth Group's wholly owned subsidiary, United Behavioral Health (UBH). Simply call our 24 hour access line at 1-800-851-5188 for triage and authorization for Plan providers.

24-Hour Nurse Line Care24SM is a comprehensive service that gives members 24-hour access to a wide range of resources including nurses and counselors. 1-888-887-4114
