ADDITIONAL INFORMATION

In-Care System and Out-of-Care System Benefits	<p>This preferred provider plan includes benefits for services received both in and outside of your Care System. You will receive coverage as stated in the Uniform Benefits by utilizing in-Care System providers or by receiving a referral from your physician. See below for additional information regarding referrals. Services received within your chosen Care System do not require a referral.</p> <p>Medical services received outside your chosen Care System without an approved referral are payable subject to a deductible of \$1,000 individual/\$2,000 family. After deductible is met, benefits are payable at 70%.</p>
Referral Requirements	<p>Medical services received from providers outside of your Care System may be payable at the in-Care System benefit level with a physician referral. Your physician will notify WPS of the referral, which will be specific to an illness/condition and will remain active for the specified time. No retroactive referrals are allowed.</p>
Prior Authorization Requirements for Non-Care System Providers	<p>To ensure that services are covered, WPS recommends that members or treating providers request prior authorizations for the following types of services: New medical or biomedical technology; Methods of treatment by diet or exercise; New surgical methods or techniques; Organ transplants. WPS will send written notification of the decision to you and the requesting provider.</p>
Medicare Claims Procedure	<p>If Medicare is the primary carrier, claims must be submitted to Medicare first. After Medicare processes the claim, Medicare, in most cases, will electronically forward the claim to WPS. Your Explanation of Medicare Benefits (EOMB) will indicate that the claim was sent to WPS. You do not have to send your paper EOMB to WPS. There are a few cases where Medicare does not send the claim to WPS. In these cases, please forward your paper EOMB to WPS.</p>
OnLine Services	<p>The WPS State of Wisconsin web pages (www.wpsic.com/state) provide access to plan documents and materials. Once you're enrolled in the plan, you can register to gain access to our Members area which provides comprehensive plan and health care information as well as time-saving account management tools.</p>
Outpatient Behavioral Health Network/Policy	<p>Benefits are available for services received by any in-Care System provider without a referral. Services provided by a non-Care System provider are payable at the in-Care System benefit level with a physician referral.</p>
Care System Restrictions	<p>You must select a Care System within the Plan 1 network for each family member. Each family member can select a different Care System within the network. You may change your Care System within the network by notifying WPS in advance.</p>
