WPS Patient Choice Plan 2	P2	2

HOW TO USE THIS MAP

- See the Plan Codes above to determine which plans are in your county.
- If the plan code is underlined and in **bold** type in a county, it means that the plan is “**qualified**”. To be qualified, a plan must meet minimum provider availability requirements (based on primary care providers, hospital, chiropractor, and dentist if dental is offered by the plan).
- If a Plan Code appears in a county but is not underlined and in bold type, it means that the plan has at least one primary care provider in that county but is not a qualified plan. You may select that plan but make sure that it has sufficient providers in your area to meet your needs.
- For employers who use the “105% Formula” to determine premium contributions, the low cost qualified plan is considered when determining the employer’s maximum allowable premium contribution in that county.
- For employers who use the “Tier Formula” to determine premium contributions, the employee’s contribution are the same for all plans in a given tier.
- You may enroll in any plan regardless of where you live, but if you enroll in an HMO, you must receive care from that plan’s providers.
- SMP is available in counties where there is no qualified plan. There may also be non-qualified plan available in those counties.
- Contact the health plan directly if you have questions about the number or location of providers. The plans’ telephone numbers are shown on the inside back cover.

THE STANDARD PLAN IS AVAILABLE ANYWHERE. As such, it does not appear on the map.

LOCATION OF HEALTH PLANS - 2008

* Qualified in a county with no hospital.

** Hospital 4 miles from major city.

A number of plans have changed their service areas for 2008; some have made significant changes. As a result, you may need to change plans for 2008.

“Qualified plans in each county are underlined and show in **bold** type. “Non-qualified” plans are not underlined or bolded. Non-qualified plans have limited provider availability in the indicated county.

Plan designation is based upon the tiering of plans approved by the Group Insurance Board.
