

IMPORTANT CHANGES— EFFECTIVE JANUARY 1, 2014

Generally, if you plan to stay with your current plan and you are not changing your coverage, you do not need to take any action during the It's Your Choice Open Enrollment period. However, you should review the following grid to understand how your coverage may change. If you have questions or concerns about any of these changes, contact your health plan using the information listed in the back of this guide.

Health Risk Assessments (HRAs) and Biometric Screenings

All plans

HRAs are a great tool to help you understand and potentially improve your health. Again in 2014, health plans may offer wellness assessments. Members who complete both the HRA and biometric screening are eligible to receive a \$150 incentive from their health plan. Contact the health plan or visit wellwisconsin.wi.gov for more information on wellness benefits.

New Shared Decision Making Requirements

All plans that offer Uniform Benefits (Insured HMOs, PPOs and SMP)

Members are required to complete their health plan's shared decision making program for low back pain before they are able to obtain prior authorization for low back surgery. Contact the health plan for more information about shared decision making and prior authorization requirements for specific procedures.

Changes to Dental Coverage

All plans

Dental benefits for 2014 are the same for all health plans if a health plan offers dental benefits. To find out whether a health plan offers Uniform Dental benefits, go to the *Health Plan Description* pages in the *Choose Your Health Plan* section.

To determine which dental benefits are covered, see the Uniform Dental Certificate of Coverage in the *Uniform Benefits* section of the *It's Your Choice 2014 Reference Guide*. For more information on Uniform Dental Benefits, see *Frequently Asked Questions 2* through *7* beginning on Page 9 of this guide.
