RE: WDC FDIC Bank Option Daily Interest Rate Error

Dear PARTICIPANT:

An internal review of M&I Bank's records identified an error in the daily interest rate that was applied to your Wisconsin Deferred Compensation FDIC Bank Option account balance from April 1, 2008 – September 30, 2008. From April 1, 2008 through June 30, 2008, the interest rate your account received was 2.181% and you should have received 3.529%, a difference of 1.348%. From July 1, 2008 through September 30, 2008, the interest rate your account received was 2.845% and you should have received 3.553%, a difference of 0.708%.

To remedy this error, M&I Bank has worked with the Wisconsin Deferred Compensation Program's (WDC) record keeper, Great-West Retirement Services<sup>®</sup>, to calculate and apply the correct interest that should have been credited to your account. The corrected amount has been deposited into your WDC FDIC Bank Option account. This interest will appear on your WDC quarterly statement for the period ending September 30, 2008, combined with your regular account earnings for the FDIC Bank Option.

We sincerely apologize for any inconvenience this may have caused you and want to assure you that we have made every effort to protect against this type of error in the future. If you have any questions regarding this error or its resolution, please contact WDC office at 1-877-457-9327, option 2.

Sincerely,

Sue Oelke  
Regional Director
