Fee Disclosure

Wisconsin Deferred Compensation Program

98971-01

As of December 31, 2017

Introduction

This report will help you as plan fiduciaries better understand the costs associated with your retirement plan - for both you as a plan sponsor and for your plan participants. The report is designed to meet the ERISA fee disclosure regulations of the United States Department of Labor (DOL).

We have summarized the plan cost components, and have provided a description of the services provided for those costs. We feel that the more you know about the costs in your plan - including all fees and expenses - the better you will understand the value of Empower Retirement.

Fee transparency is a sponsor and participant right

Sponsors and participants are entitled to clear information about the fees and expenses associated with their retirement plans.

Fee transparency is integral to meeting fiduciary responsibilities

We believe that understanding the relationship between cost and benefit is a crucial part of a plan sponsor's fiduciary responsibilities.

ERISA Requirements

DOL regulations require certain service providers that receive more than \$1,000 in compensation to make explicit disclosures to certain retirement plans that they serve. For more information, please visit the DOL Employee Benefits Security Administration's website (www.dol.gov/ebsa).

What This Report Contains

This report provides an estimate of the fees paid by your plan.

As your plan's Recordkeeper, we may make payments to other plan service providers on behalf of the plan. We are not responsible for the disclosures of any unrelated service providers.

This document begins with a high-level summary of the estimated fees and becomes detailed throughout each section. All the information shown is in dollar figure estimates, where appropriate. To simplify readability, superscript letters identify dollar figures that carry over from one section and appear in another section as a line item.

Some of the services and fees described may not be applicable to your plan but are representative of available services.

A. Summary of Fee and Expense Estimates

Estimates presented are based on information as of December 31, 2017 on the following:

Total Assets	\$4,989,103,478
Unallocated Plan Assets	\$2,232,199
Participant Assets	\$4,986,871,279
Loan Balances	\$0
Number of Participants	61,678

As the fees and expenses contained in this disclosure are estimates based on the above information at a point in time, they will not necessarily match the actual amounts paid or the amounts contained in any financial report, such as an Annual Plan Summary.

Total Assets are the sum of Unallocated Assets, Participant Assets and Loan Balances. **Plan Unallocated Assets** consist of plan assets that are not allocated to plan participants. This might include unclaimed participant balances, amounts received but not yet allocated to participants, forfeitures, and amounts set aside for plan expenses. **Participant Assets** are amounts held in participants' accounts. **Loan Balances** equal the outstanding loan amounts for participants. **Number of Participants** includes participants with an account balance as of the month-end.

In this document, estimates provided may not match amounts billed to the Plan Sponsor or debited from participant accounts and may not match financial reports. These **annual estimates** are generally based on month-end projections that are annualized over a 12-month period and rounded to the nearest dollar.

D. Disclosures

This document contains estimates of plan expenses and is intended to provide a detailed summary of fees being charged to the plan or its participants to the extent such information is in the Recordkeeper's possession. While it is intended to provide information regarding all material fees, this document may not be comprehensive, and it may not include full information on fees associated with some specially negotiated services or with certain investment options, such as Self-Directed Brokerage Accounts, Life Insurance, Employer Stock, etc. For further fee information, please refer to the relevant service agreements and/or prospectuses, including information that may be needed to comply with Participant Disclosure obligations. As your Recordkeeper, we make no representation as to the completeness or accuracy of materials, such as prospectuses, created and/or provided by a third-party investment provider.

Gain/Loss Disclosure:

If the Recordkeeper makes an error that results in an investment transaction gain or loss, and it is brought to the Recordkeeper's attention within ninety (90) days after the Participant statement date following the occurrence of the error, the Recordkeeper will retroactively correct the error by putting the Participant back in the financial position where the Participant would have been had the error not occurred. However, if the Plan or affected Participant knew or should have known of the error but failed to bring it to the Recordkeeper's attention within ninety (90) days after the statement date following the occurrence of the error, the error will be corrected prospectively. If a correction is made at the Recordkeeper's expense and results in a net loss, the Recordkeeper will bear the loss. However, if the correction results in an unintended net gain, the Recordkeeper will retain the gain as compensation for services provided to the plan and to defray reasonable expenses of the plan including offsetting net losses as described above.

Under special circumstances, the Recordkeeper may consider an exception to the above and make a correction at the Recordkeeper's expense. If Plan Sponsor requests such an exception based on the circumstances identified, a correction will not be unreasonably denied, based on industry standards.

In no event will the Recordkeeper be responsible for the expense of retroactive correction caused by an error or miscommunication committed by a Participant, Plan Sponsor, or other third party. In such case, Plan Sponsor will instruct the Recordkeeper how it wishes any resulting gain to be allocated or loss to be funded.

Bank Credit Disclosure:

If the Plan's assets pass through a bank account held by Great-West Life & Annuity Insurance Company (Great-West) or its affiliates/subsidiaries (Great-West Financial Trust Company LLC and EMJAY Corporation), it may earn credits and/or interest on Plan assets awaiting investment or pending distribution. Any credits or interest earned by Great-West are aggregated with credits and/or interest earned by Great-West affiliates/subsidiaries and will be used to defray the aggregate expenses for the maintenance of bank accounts. Great-West will not retain credits and/or interest earned in excess of such maintenance expenses.

Credits and/or interest are earned from the use of (i) uninvested contributions received too late in the day or not received in good order to be invested same-day and (ii) proceeds from investment option redemptions where Plan distribution checks have not been presented for payment by Plan participants. Credits and/or interest (i) begin to accrue on contributions, on the date such amounts are deposited into the bank account and end on the date such amounts are invested pursuant to Plan participant or Plan representative instructions and (ii) begin to accrue on distributions, on the date the check is written or on the wire date, as applicable and end on the date the check is presented for payment or when the wire clears against the account, as applicable. Earnings of credits and/or interest are at the rate the bank provides from time to time.

Investments

Mutual Fund Expense Ratio & Collective Investment Trust (CIT) Expense:

The Service Provider has entered into agreements with certain mutual funds/CITs (or their service providers, including advisors, administrators or transfer agents, and underwriters) whereby the Service Provider provides shareholder and/or distribution services and receives compensation from the mutual fund/CIT (or their service providers) based on the value of the plan's investment in the fund/CIT. This compensation may include fees for administrative and other expenses and/or fees paid under a plan of distribution under SEC Rule 12b-1 ("12b-1 fees"). The fees received by the Service Provider are included in the expense ratio described in the applicable fund's prospectus or similar disclosure document, and reduce the investment option's net asset value (NAV). Generally, fees and expenses included in the expense ratio are deducted at regular intervals based on a percentage of the investment option's average daily net assets. For CITs, an investment company may include other fees that are not disclosed in this fee disclosure document but are provided in a separate disclosure under separate cover.

Redemption Fees:

Redemption fees are charged by mutual fund companies to discourage investors from making a short-term "round trip" (i.e. a purchase, typically a transfer, followed by a sale within a short period of time). Most mutual fund companies that charge redemption fees will impose the fee upon the purchase and subsequent sale occurring within a specified time frame. Please refer to your mutual fund prospectuses for specific redemption fee details.

Additional Fund Compensation:

The Service Provider may receive additional revenue as a finder's fee from non-affiliated fund companies as shown in the prospectus and other regulatory documents for each of the funds held by the plan. The Service Provider may also receive additional revenue in the form of conference sponsorship fees from non-affiliated fund companies to defray training and educational costs of staff.

Self-Directed Account Participant Maintenance:

Participant transactions and other fees charged by the Self-Directed Brokerage vendor are in addition to the participant maintenance fee and are not reflected in this document.

Rollover Programs:

Great-West may receive payments of up to \$25 per rollover under separate agreements with certain rollover providers (including Millennium Trust Company and WMSI Securities LLC) for providing transaction and administrative services. Any such payments are not fees for distribution services to the plan under the plan's administrative services agreement with Great-West.

Affiliates and Subcontractors

We are required to disclose certain fees paid between Great-West Life & Annuity Insurance Company (Great-West) and its related parties (affiliates/subsidiaries and subcontractors). This includes compensation paid in connection with the services Great-West or its affiliates/subsidiaries have agreed to provide to the plan, if the compensation is set on a transaction/incentive basis (such as commissions, soft dollars, or finder's fees) or if the compensation is charged directly against a plan investment and reflected in the investment's net value.

The fees disclosed are not in addition to previously disclosed fees; rather, this information is intended to increase transparency about how Great-West uses the fees it receives.

Affiliates:

The following entities are affiliates of the Recordkeeper, in that they directly or indirectly control, are controlled by, or are under common control with the Recordkeeper. These affiliates may receive fees from the plan, or from the Recordkeeper or another affiliate for performing certain services for the plan.

Refer to the Itemized Services and Cost section for details regarding affiliate payments.

GWFS Equities, Inc. is an affiliate that receives payments from the Investment Provider. Payments are first paid to GWFS Equities, Inc. which in turn pays the Recordkeeper.

Affiliates: The following are affiliates or subsidiaries of Great-West Life & Annuity Insurance Company (Great-West), but not all Great-West affiliates or subsidiaries may pertain to your Plan.

- Great-West Capital Management, LLC
- Great-West Funds, Inc.

Reimbursement of Expenses:

For each Program year, Nationwide Bank agrees to reimburse the Wisconsin Deferred Compensation Board for its share of expense incurred on behalf of the Program for promotional material, not to exceed \$5,000 per calendar year. Nationwide Bank's annual share shall be based upon Nationwide Bank's proportionate share of the previous Program year's total investments calculated as of the last day of the Program Year. Said reimbursement shall be paid to the Board in care of the Program Administrator within thirty (30) days of receipt of an invoice from the Program Administrator. After the annual reimbursement has been received, these reimbursements may be rebated to participants when a minimum rebate threshold amount of one cent per participant has been reached.

Reimbursements to the Board:

The State assumes no liability for costs for the Plan. All Department costs for administering the Plan shall be recovered through participant fees and charges. The Department will submit a statement to Great-West of the Department's estimated costs that will be based on an annual amount. Great-West will effect a transaction from the Plan Administrative Account for such expenses within fifteen (15) working days from receipt of the request from the Department.

Reimbursements to Participants:

Effective January 1, 2016, mutual fund reimbursements go directly to plan participants in the fund generating reimbursements.
