CORRESPONDENCE MEMORANDUM

DATE: August 22, 2012
TO: Group Insurance Board
FROM: Bill Kox, Deputy Administrator, Division of Insurance Services
Jeff Bogardus, Manager, Pharmacy Benefit Programs,
Health Benefits & Insurance Plans Bureau
SUBJECT: Alternate Health Plan Qualifications for 2012

Staff recommends the Board accept the attached qualification recommendations.

BACKGROUND

Every year the Group Insurance Board (Board) takes formal action on "qualifying" alternate health plans for each county in the state. The State Maintenance Plan (SMP) is offered in counties in which there is no qualified Tier-1 health plan and a non-qualified health plan is excluded from the 88% premium contribution formula for local governments. Each health plan that would be negatively affected by qualification changes, and who had not already provided an explanation for the changes, was notified of our recommendation to the Board and given the opportunity to correct any errors in reporting the provider counts that serve as the basis for the qualification decision (refer to Attachment A for more information on alternative health plan qualification criteria).

HEALTH PLAN CHANGES

WEA Trust PPP (WEA) will be expanding its service area for 2013 by being newly available in the counties of Adams, Juneau, Langlade, Lincoln, Taylor, and Menominee for its **East** service area and Clark County for its **Northwest** service area. **WEA** meets the minimum provider requirements to be qualified in all the new counties except for Menominee County (no dentist, chiropractor, or hospital). In addition, while **WEA East** was not qualified in Marquette County, they were listed for 2012. For 2013, they again are not qualified but will maintain their listed status. Additional detailed information is

available under the heading "Consideration for Qualification Status in the Local Program" on page 5.

WPS has expanded Metro Choice for 2013 with the introduction of **Metro Choice Southeast** and **Metro Choice Northwest**. In 2012, WPS Metro Choice was available and qualified in Milwaukee, Ozaukee, Racine, Washington, and Waukesha Counties. For 2013, the **Metro Choice Southeast** region will be qualified in these same counties along with being newly qualified in Dodge and Jefferson Counties. **Metro Choice Northwest** will be qualified in ten counties in northwestern Wisconsin. These include: Barron, Burnett, Chippewa, Dunn, Eau Claire, Pierce, Polk, Rusk, St. Croix, and Washburn Counties. They will also be listed in Sawyer County but are not qualified due to the lack of a chiropractor.

HealthPartners has reported additional clinics in Ashland, Marathon, Sawyer, and Washburn Counties; however, they are not qualified in any of these counties due to having no hospitals.

Network Health Plan has expanded into Shawano County and is qualified for 2013.

Unity Community has expanded into Lafayette County but is not qualified due to having only four primary care physicians (PCP) in the county.

TIERING CHANGES FROM 2012 TO 2013

For 2013 staff recommends that Anthem Blue Northwest and WPS Metro Choice Southeast be placed in Tier 3 in the state program based on their premium bid.

Staff also recommends Anthem Blue (all three service areas), Humana Eastern, Security Health Plan, and WPS Metro Choice Southeast be placed in Tier 3 in the WPE (local) program. These plans have bid their local program at the maximum allowed, 1.5 times the state rate, with insufficient experience justification. Staff intends to revisit this bid cap provision in the 2014 guideline review.

Please refer to Table 2 to identify the counties these recommendations will affect.

There are no other tiering changes recommended for 2013; therefore, all other alternate health plans will participate at the Tier 1 level in both the state and WPE (local) programs for 2013.

Qualification and Non-Qualification Changes

There were a total of 48 changes in qualification status in the state program from 2012 to 2013, as illustrated below. Table 1 (attached) presents a listing of these changes in status, using the following categories. The number of instances is also provided:

Change Category	Instances
Newly listed in 2013 (as a non-qualified health plan)	7
Newly qualified in 2013 (listed as non-qualified in 2012)	18
Newly qualified and listed in 2013	20
Lost qualification status for 2013 (listed and qualified in 2012)	1
Lost listing status in 2013 (listed as non-qualified in 2012)	0
Plan withdrawn from county for 2013 (listed in 2012)	2

Table 2 (attached) presents a complete listing of qualification and service areas by health plan. Table 3 (attached) presents health plan qualification and non-qualification status by county. In addition, Attachment B provides 2012 and 2013 maps of health plans that will be listed by county. Notable changes from 2012 to 2013 made by certain health plans include:

Anthem Blue will be qualified in a number of additional counties in all three of their service areas in 2013 due to an increase in the numbers of available doctors they have reported. **Anthem Blue Northeast** will be newly qualified in Door, Green Lake, Marinette, Oconto, Waupaca, and Waushara Counties. **Anthem Blue Northwest** will be newly qualified in Ashland, Douglas, Polk, St. Croix, and Washburn Counties. **Anthem Blue Southeast** will be newly qualified in Walworth County.

Health Tradition Health Plan is newly qualified in Crawford County due to adding PCPs in the major city of Prairie du Chien.

Humana Eastern is newly qualified in Calumet County due to adding a hospital and in Door and Oconto Counties due to adding dentists. **Humana Western** is newly qualified in Dunn County due to adding a hospital and more PCPs in the county.

Security Health Plan has withdrawn from Green Lake and Vernon Counties for 2013. They have also lost qualified status in Juneau County due to the Mile Bluff Clinics in Mauston no longer being in Security's network. This leaves only four PCPs in the county.

UnitedHealthcare Northeast became newly qualified in Waupaca County by adding a dentist in the county.

Qualification in Counties with No Hospital

In 2005, the Board approved a change in the qualification criteria for counties with no hospital. If a health plan has hospitals available in surrounding counties, as determined by staff, then the hospital criteria would be considered fulfilled.

Staff recommends the Board qualify the following health plans in counties without a participating hospital: Arise, Network Health, and WEA Trust East

health plans qualify in Kewaunee County for the state program; Anthem Blue Northeast qualifies in Kewaunee County for the WPE (local) only program.

Qualification is based on their having the following hospitals in surrounding counties:

- Door County: Ministry Door County Medical Center (formerly Door County Memorial Hospital), Sturgeon Bay.
- Brown County: St. Mary’s, Bellin Memorial, and St. Vincent’s Hospitals, Green Bay.
- Manitowoc County: Holy Family Memorial Medical Center, Manitowoc.

Humana Eastern and UnitedHealthcare Northeast are also listed in Kewaunee County, but they are not otherwise qualified plans since they have no dentist in Kewaunee County.

SMP PLACEMENT

SMP is offered to state employees and retirees in counties in which there is no qualified Tier 1 health plan. There are eight counties in which SMP will be available to state employees and retirees in 2013. In past years, Menominee County had no alternate health plan; however, this is no longer the case for 2013 with WEA Trust East moving into the county. Still, WEA Trust East is not qualified in Menominee County, so SMP will be offered. SMP will also remain in the other seven counties it was included in during 2012. The exclusion of local SMP in Marquette County is discussed under the heading, “Consideration for Qualification Status in the Local Program” below. There are eight SMP counties for 2013:

COUNTY	STATE SMP 2013	LOCAL SMP 2013
BAYFIELD	X	X
BUFFALO	X	X
FLORENCE	X	X
FOREST	X	X
IRON	X	X
MARQUETTE	X	
MENOMINEE	X	X
PEPIN	X	X

COMPETITION ANALYSIS

The following three counties only have one qualified Tier 1 health plan for the state program in 2013:

COUNTY	HEALTH PLAN
ONEIDA	Security Health Plan
PRICE	Security Health Plan
VILAS	Security Health Plan

Crawford and Dunn Counties were included in this list for 2012 but have been removed for 2013. For 2013, Gundersen-Lutheran and Health Tradition are both qualified as Tier 1 plans in Crawford County, and Humana Western and WEA Trust Northwest are both qualified as Tier 1 plans in Dunn County.

CONSIDERATION FOR NON-QUALIFICATION STATUS

In cases where a health plan meets the qualification criteria as described in Attachment A, the Board can still assign non-qualification status if there is some deficiency in access to providers. As in previous years, there is again one such recommendation for 2012.

Staff recommends Dean Health Plan not be qualified in Waukesha County because the majority of its providers are in the city of Oconomowoc, which does not provide adequate access for the majority of members who live in Waukesha and the eastern part of the county.

CONSIDERATION FOR QUALIFICATION STATUS

Staff recommends the Board qualify UnitedHealthcare Northeast in Manitowoc County.

Although the health plan does not contract with Holy Family Memorial Medical Center in the city of Manitowoc, it does contract with the Aurora Medical Center, which is just outside the city limits. Staff feels this allows adequate access to a hospital for Manitowoc residents.

CONSIDERATION FOR QUALIFICATION STATUS IN THE LOCAL PROGRAM

For the sixth year, staff recommends the Board set Physicians Plus as the low-cost health plan in Marquette County.

In 2007, Marquette County administration requested that one of the health plans that actually cover its participants be considered the low-cost plan. The Board responded by

setting Physicians Plus as the low-cost health plan in the county for 2007. The Physicians Plus network still includes the CHN Medical Center in the adjacent counties of Green Lake and Waushara, as well as the following hospitals in the four surrounding counties: Berlin Memorial Hospital, Columbus Community Hospital, Divine Savior Healthcare, Moundview Memorial Hospital, and the Wild Rose Community Memorial Hospital.

For 2013, WEA Trust East does have the same participating hospitals in the surrounding counties and thus is qualified in Marquette County for the WPE (local) program only. Network Health Plan also participates in Marquette County; however, Network only has hospitals in two of the four surrounding counties.

Physicians Plus still has the lower cost; therefore, staff recommends the Board continue to set Physicians Plus as the low-cost qualified health plan in Marquette County for local only. Staff does not recommend qualification status in the state program because Physicians Plus lacks dentists in Marquette County and its surrounding counties, with the exception of Columbia County.

While both UnitedHealthcare Northeast and Unity Community are listed in Marquette County, neither participates in all the surrounding counties; therefore, they are not considered qualified.

Attachments: Attachment A - Alternative Health Plan Qualification Criteria

Table 1 - 2013 Group Insurance Board Health Plan Qualification Changes
Table 2 - 2013 Group Insurance Board Health Plan Qualifications By Plan
Table 3 - 2013 Group Insurance Board Health Plan Qualifications By County

Alternative Health Plan Qualification Criteria

The Board has adopted qualification criteria applicable to health plans. By establishing qualification criteria, the Board provides a means by which only those health plans with an adequate provider base and operating experience will be used to determine the employer contribution for local governments and ensure a reasonable quality Tier 1 health plan for state employees. The qualification criteria adopted by the Board are:

1. The ratio of full-time equivalent primary physicians to total health plan members in a county or major city is at least 1/2000 with a minimum of five physicians (with admitting privileges to the plan's hospital in the county) per county or major city.
2. The plan must have at least one general hospital available per county (or major city, if applicable). This criterion only applies in counties and major cities in which there is a hospital. For counties with no hospital, staff makes a qualification recommendation based on the availability of hospitals in the contiguous counties.
3. A dentist (if applicable) must be available in each county (or major city, if applicable).
4. A chiropractor must be available in each county (or major city, if applicable).
5. The plan must have a minimum of one year of operation in the state plan.
6. After being offered to state employees for one year, the health plan must have achieved an enrollment of 100 subscribers or 10% of the employees in the service area, whichever is less.

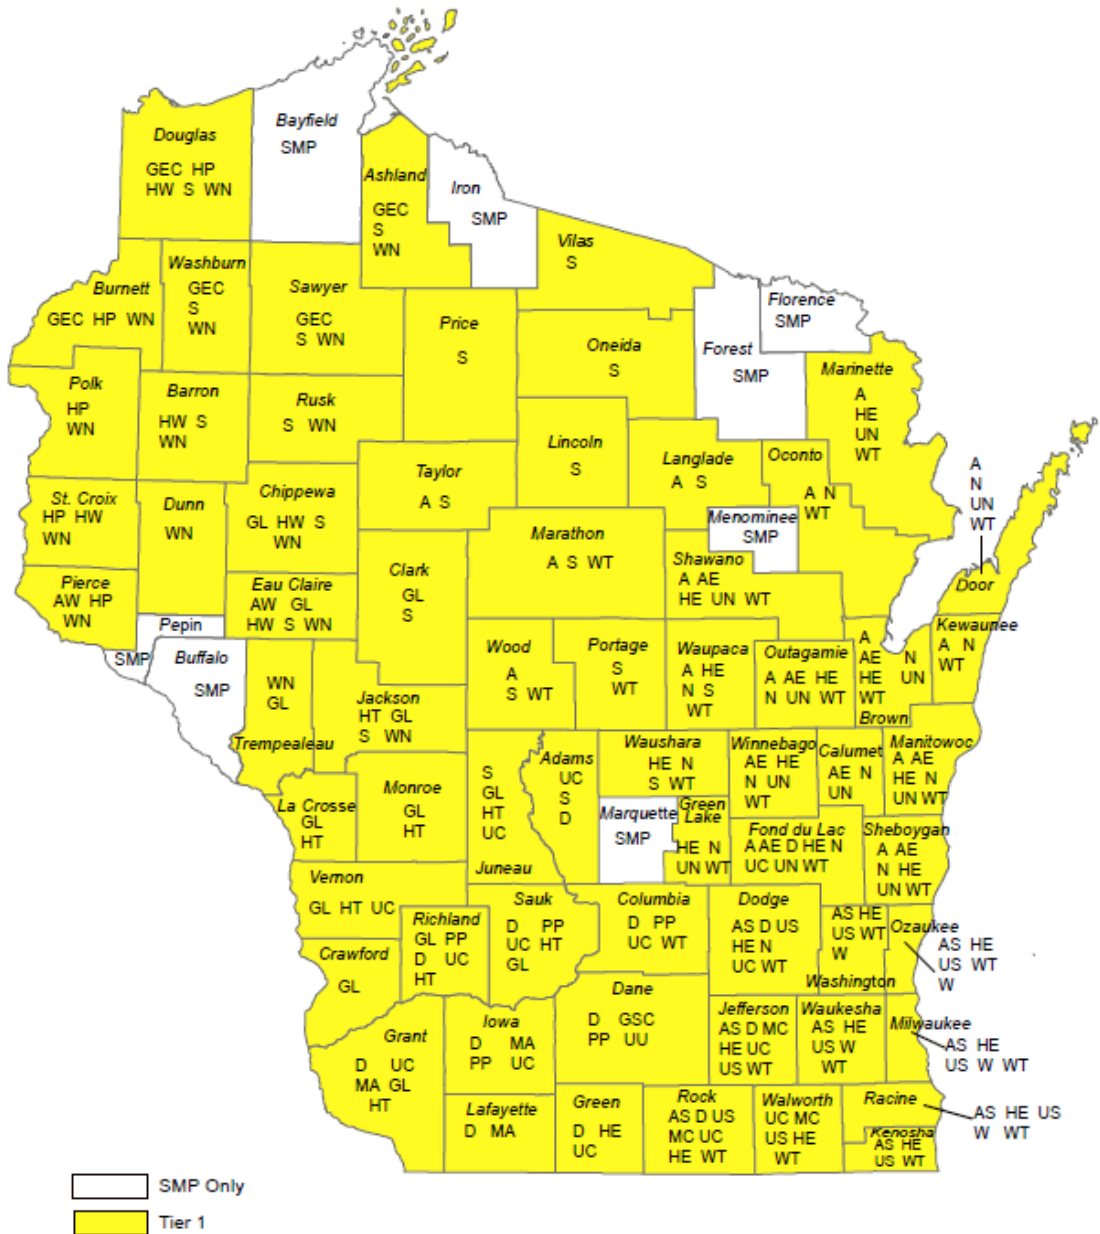

Major cities are those that have over 33% of the county population. Those cities are:

- Antigo
- Appleton
- Ashland
- Eau Claire
- Florence
- Fond du Lac
- Green Bay
- Janesville
- Kenosha
- LaCrosse
- Madison
- Manitowoc
- Menomonie
- Merrill
- Milwaukee
- Monroe
- Oshkosh
- Prairie du Chien
- Racine
- Sheboygan
- Stevens Point
- Sturgeon Bay
- Superior
