

Dear Group Insurance Board

My name is Jennifer and I am a member of your community. I am writing as a member of the Wisconsin Transgender Health Coalition and as the medical director of the Pediatric and Adolescent Transgender Health Clinic. Fair and equitable health insurance coverage for transgender and gender non-conforming youth is very important to me. I know that the health and safety of all Wisconsin citizens is important to you too. Therefore I want to thank you in advance for protecting health care coverage for all Wisconsinites, including transgender and gender non-conforming individuals in the coming years.

Sincerely,

Jennifer L. Rehm
