Re: Inquiry concerning the new regulations for Self-Insurance as of 01/01/2018

Dear Madam/Sir:

I have read all the publications that came over the Internet concerning the new Self-Insurance for our WPS Health Care.

Please, help me to understand the new regulations:

1. I carry my husband's and my WPS Insurance . We were both UW Professors and the premium is being paid by the sick-leave days that we did not use when fully employed. Does the new Insurance guarantee also that we can use first my insurance , and when that money is used up the insurance of my husband's for the monthly payments?
- 2 Do you still continue with the policy of reimbursing expenses of the policy holder incurred abroad- and will the procedure for reimbursement be the same?
3. Are there any changes in the NAVITUS insurance plan?
4. Are there any changes in policies with the new arrangement and where can I find them?

I would appreciate an answer to my questions and , if possible, a referral to the printed details of the new plan.

Thank you very much.

Yours, Professors em. Charlotte Lang Brancaforte and Benito Brancaforte
