

Correspondence Memorandum

Date: August 30, 2017
To: Group Insurance Board
From: Segal Consulting
Subject: Alternate Health Plan Service Area Qualification for 2018

Segal Consulting (Segal), in consultation with ETF Staff, recommends the Group Insurance Board (Board) accept the qualification recommendations for the 2018 plan year described in this memo. Highlights of the 2018 recommendations include:

- Tier 3 designation in the Wisconsin Public Employee (WPE) Local program for the following plans: Security Central, Security Valley, WEA Trust Mayo, and WEA Trust Chippewa Valley.

Segal, in consultation with ETF Staff, also requests Board approval to make any additional minor adjustments to the service areas, as they are reviewed and finalized with each health plan.

Background

Qualification criteria ensure that participating health plans offer an adequate provider base and have sufficient operating experience to service members. The qualification criteria developed by Segal, and reviewed by ETF Staff, improved the processes from 2017 and offered efficiencies for 2018. The enhanced process incorporates access standards, allowing plans additional ways to meet the qualification requirements.

The plans must meet at least 90% geoaccess in the county for the inpatient hospitals, primary care physicians (includes Internal Medicine, Family Medicine and General Medicine) and chiropractors or the following minimum requirements for all counties and major cities in the county to be qualified:

1. The ratio of full-time equivalent primary physicians accepting new patients to total participants in a county or major city is at least one per two thousand (1.0/2,000)

Board	Mtg Date	Item #
GIB	8.30.17	7C

with a minimum of five (5) primary care physicians per county or major city. The PCPs counted for this requirement must be able to admit patients to an in-network hospital in the county or major city.

2. The plan must have at least one (1) general hospital under contract and/or routinely utilized by IN-NETWORK providers available per county (or major city, if applicable). For counties with no hospital, plans must sufficiently describe how they provide access to providers.
3. A chiropractor must be available in each county (or major city, if applicable).

The Staff may also determine a plan is non-qualified in a county in the following situations:

1. The plan does not meet the provider access standards and has at least one (1) PCP in the county and/or major city.
2. The plan meets the provider access standards and the Staff determines the plan is not effectively administering the Health Benefit Program.

In previous years, the alternate health plans provided detailed data on contracted providers and facilities via their annual "Addendum 2" submission. This year, Segal sent each health plan a standard network submission workbook that included network access standards by county, as well as a requirement to provide the network provider detail. Segal analyzed this data against the qualification criteria to determine each health plan's qualification status for each county. If a county has no qualified Tier 1 health plan, the State Maintenance Plan (SMP) is offered in that county.

Based on the requirements noted above, each year the Board takes formal action on "qualifying" alternate health plans for each county in Wisconsin.

Prior to this meeting, all participating plans were notified of the qualification status recommendations staff planned to present to the Board.

Notable Health Plan Changes for 2018

The following health plans did not submit a bid and will not be offered for the 2018 plan year. The current contracts/members covered by these plans will be required to select a new health plan for the 2018 plan year.

Quartz Health Plan

For 2018, Gundersen Health Plan, Unity Health Insurance, and Physicians Plus will merge to form one plan called Quartz Health Plan. Quartz Health Plan will have two networks – Quartz UW Health and Quartz Community. The following counties will no longer be included in the Quartz service area: Barron, Green Lake, Sawyer, Washburn, Waushara.

Qualification and Non-Qualification

A quality Tier 1 health plan is considered “qualified” if it meets all qualification criteria that ensures adequate provider coverage and operating experience for State and WPE members. If a quality Tier 1 health plan does not meet all qualification criteria, but meets minimum requirements, the health plan will be “listed” in the “It’s Your Choice” materials as having limited provider availability.

WPE Health Plan Tiering Status for 2018

For 2018 staff recommends Tier 3 designation in the WPE program for the following health plans: Security Central, Security Valley, WEA Trust Mayo, and WEA Trust Chippewa Valley.

The premium bids provided by these plans for the WPE program were deemed at the top of the acceptable range at which they could bid. While the bids were acceptable for continued participation in the WPE program, lack of claims experience, very low enrollment, and/or unjustified higher premiums place these plans in Tier 3.

Overall, this recommendation will affect 44 of the 72 Wisconsin counties, but there is minimal membership in these plans. Active employee contracts with these plans include: WEA Trust Chippewa Valley (1 individual/4 family contracts), and WEA Trust Mayo (1 individual contract). There are also 7 Medicare contracts, which are not affected by tiering, held by all four plans.

The following 26 counties where these Tier 3 plans participate will have at least two qualified Tier 1 plans:

- Adams
- Ashland
- Brown
- Burnett
- Clark
- Crawford
- Douglas
- Eau Claire
- Jackson
- Juneau
- Kewaunee
- La Crosse
- Langlade
- Lincoln
- Marathon
- Monroe
- Oconto
- Oneida
- Outagamie
- Portage
- Sawyer
- Taylor
- Trempealeau
- Vernon
- Washburn
- Winnebago

The following 13 counties will have only one qualified Tier 1 plan:

- Barron
- Bayfield
- Buffalo
- Chippewa
- Dunn
- Pepin
- Pierce
- Polk
- St. Croix
- Vilas
- Waupaca
- Waushara
- Wood

While the plans affected by this recommendation have a presence in five additional counties – Florence, Forest, Iron, Price, and Rusk – there are no qualified plans in these counties, the State Maintenance Plan will be offered in these counties, as discussed later in this memo.

State Maintenance Plan (SMP) Placement

SMP is offered in counties in which there is not a qualified Tier 1 health plan. There is only one county in which SMP will be available in the State Plan for 2018. There are five counties in which SMP will be available in the Local Plan for 2018.
