Subject: Remove the Exclusion on Transition-Related Healthcare
Date: Monday, September 10, 2018 12:48:11 PM

Hello,

I am a college student in the state of Wisconsin and I support the removal of the exclusion on transition-related healthcare for transgender and non-binary people in the state of Wisconsin.

Healthcare for transgender and non-binary people is essential for the well-being of these individuals and I hope you consider the positive impact that the removal of the exclusion will have on many people's lives in Wisconsin.

Thank you for your time,

Holly Kimball
