Subject: CSA rebate/Staywell
Date: Tuesday, October 9, 2018 12:58:26 PM

Hello,

I'm really disappointed about not being able to submit a rebate for the CSA program. This is disappointing to employees and for the farmers.

I'm also disappointed with the Staywell Program. I tried to attend one of the screenings earlier in the year, but most of them were full right away. I did my online part in March and when I went to sign up for the screening, there were only appointments available in buildings where only employees of that building were allowed to attend. So then I tried to get the form filled out by my primary doctor, but my follow up appointment is scheduled for November. This is after the Oct 19 deadline for Staywell. I cannot move up my appointment, because it would be too soon for insurance to pay. I spent way too much time on this and did not get the \$150 rebate anyway. Too bad.
