Subject: Holistic Health Care Request
Date: Thursday, November 15, 2018 9:26:12 AM

Greetings,

I like to request that the board consider covering holistic health insurance options in the future. Preventative insurance is cheaper than treating ailments and with all the side effects (and addiction) to medicine, it would be a valuable option to look into. Other companies are currently offering holistic health insurance options as well. Holistic forms of preventative and reactive treatments continue to increase in popularity. As a person who refuses to use most modern-day healthcare options, it would be great to have holistic insurance options available.

Thank you.

We are committed to service excellence.

Visit our survey at <http://dnr.wi.gov/customersurvey> to evaluate how I did.
