## Correspondence Memorandum

**Date:** April 22, 2019  
**To:** Group Insurance Board  
**From:** Tara Pray, Member Engagement & Communication Lead  
Office of Strategic Health Policy  
**Subject:** 2018 State of Wisconsin Group Health Benefits Annual Report

**This memo is for informational purposes only. No Board action is required.**

The Department of Employee Trust Funds (ETF) has created a new report that summarizes in an informative, visually-engaging way key benefit statistics and outcomes pertaining to the State of Wisconsin Group Health Insurance Program. We believe this report, which will be published annually, provides information to better understand high-level aspects of our program areas.

The report tells the story of the health benefits governed by the Board and administered by ETF. It highlights key program areas and goals, as well as successes and areas for improvement. This initial report will serve as a benchmark and we will seek Board guidance in developing future informational updates.

The report was produced by the Office of Strategic Health Policy and Office of Communications and available as a PDF on our website. A limited run of paper copies will be available for use at outreach events, etc.

Staff will be at the Board meeting to answer any questions.
