I am writing today to respectfully request that this board reconsider its past decision refusing to expand coverage for the latest FDA-approved anti-obesity medications (AOMs) to ensure that Wisconsin public employee benefits reflect the importance of our work to the functioning of our state and the quality of life that encourages people to live, work, and raise families here. As you know, Wisconsin is a regional outlier in not providing these benefits to its public employees. Fundamental fairness, public health, future budget savings, and competitiveness as an employer of choice should dictate that Wisconsin join its peers in providing AOM coverage where clinically indicated by one's health care provider.

Thank you for your time.
