To whom it may concern,

My name is Ethan and I work with Rescription. We are a full PBM replacement, but I am reaching out because we have a very special program in regards to high-cost specialty drugs.

We'd love to jump on a meeting with your trust's decision makers to see if we'd be a good fit. We are currently saving our client's upwards for 30% on their Rx spend in comparison to incumbent PBMs.

Looking forward to hearing from you.

Sincerely yours,

C. Ethan Watt

Dear Ethan Watt:

The Wisconsin Department of Administration's eSupplier Portal is available to all businesses and organizations that want to do business with the State. The eSupplier Portal allows vendors to receive automatic, future official notices of bid opportunities, and, in some cases, allows vendors to respond to State solicitations. (The particular procurement will advise if proposers should return responses to ETF via eSupplier or another method, which may be a Box upload).

For more information on the eSupplier Portal, go to:
https://esupplier.wi.gov/psp/esupplier/SUPPLIER/ERP/h/?tab=WI_BIDDER

Other information about current and past ETF-specific procurements is available on [ETF's public website](#), but registering for eSupplier will ensure vendors will receive notice about procurements within that vendor's particular business offerings, because vendors register on eSupplier by commodity type, specifically NIGP code, and decide which procurements referencing which NIGP codes they want to be notified about.

Sincerely,

Tim Steiner, Director
Budget, Contract Administration and Procurement
