CORRESPONDENCE MEMORANDUM

DATE: February 11, 2011
TO: Teachers Retirement Board
Wisconsin Retirement Board
FROM: Diane Poole, Director
Disability Programs Bureau
Division of Insurance
SUBJECT: October – December 2010 Quarterly Disability Annuity Statistics

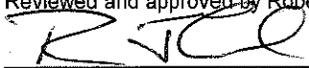

This memo is for informational purposes only. No Board action is required.

Attached is the Wisconsin Retirement System (WRS) *Disability Benefit Annuity Statistical Report* for October through December 2010. The report provides quarterly data on: number of annuities started, options selected, gender, determination, age, and disability type.

TRENDS

The trends, when compared to the same quarter over the past five years, are as follows:

- There were fewer new disability annuities. The Teachers Retirement Board (TR) had 13 under its jurisdiction, compared to an average of 14; the Wisconsin Retirement Board (WR) had 35 under its jurisdiction, compared to an average of 47.
- The most-selected annuity option under TR and WR jurisdiction was "100% Continued to Named Survivor with 180 Payments Guaranteed."
- For disabilities under the purview of the TR Board, females continued to be the predominant user of the § 40.63 Disability Retirement Annuity benefit. For the WR Board, males were the predominant user of the § 40.63 Disability Retirement Annuity benefit
- The majority of applications were approved; a very small number were denied.
- The predominant age group for TR Board annuities was 51-55; for WR Board annuities, age 56-60.

Reviewed and approved by Robert J. Conlin, Deputy Secretary.

Signature _____ Date 2/17/11

Board	Mtg Date	Item #
WR	3.10.11	6Ai
TR	3.10.11	6Ai

- The predominant disability types for TR Board annuities for the fourth quarter in the last five years were: neurology, cancer, and mental illness. For WR Board annuities, the predominant disability types were: orthopedic, neurology, and multiple medical problems.

PRIORITIES

The top priority for the Disability Programs Bureau is to approve disability benefits as quickly as possible so individuals are not without income. Approving a disability benefit requires extensive follow-up with the applicant, employer, and health care providers. An application can take up to a year to process because of this inherent dependency on outside sources to provide documentation.

The second priority is to maintain existing disability accounts. This requires obtaining the necessary medical and income information, which again requires extensive communication with outside sources.

I will be available at the meeting to answer any questions you may have.

Attachment: Disability Benefit Annuity Statistical Report

**STATE OF WISCONSIN
DEPARTMENT OF EMPLOYEE TRUST FUNDS**

**WISCONSIN RETIREMENT SYSTEM (WRS)
DISABILITY BENEFIT ANNUITY STATISTICAL REPORT
OCTOBER - DECEMBER 2010**

This report provides a summary of disability information for the Board's review. Department staff have reviewed and made the following recommendations on initial disability applications submitted by participants. Staff review individual participant applications on an ongoing basis to determine if disability benefits can continue. If you have questions or would like additional information regarding disability benefits, please contact Diane Poole at (608) 266-5387 or diane.poole@etf.state.wi.us.

The following key describes the type of disability determinations made by ETF staff:

Approved – Disability applications that meet the service, medical and employer criteria required under Wis. Stat. § 40.63 (1) and (4), are approved and processed for benefit payments.

Cancelled – Disability applications that are incomplete within one year after the Department receives the disability application are cancelled. Applications are considered incomplete if the Department has not received the required medical certification and/or employer statement.

Deemed Approved – Disability applications are deemed approved if the applicant meets the service requirement and the Department receives a valid disability application and one *Medical Report* certifying the applicant's disability prior to the applicant's death. The employer is also required to submit an Employer Statement.

Denial – Disability applications are denied if the applicant does not meet all of the statutory requirements (service, medical and employer statement).

Denial Rescinded: Approved – Disability applications that were initially denied because the applicant did not meet the statutory requirements. The denial has since been overturned and the application approved due to receipt of additional information or as determined by the appropriate Board.

Termed – Disability applications that were initially approved and benefit payments made may be terminated if the Department receives information from a physician certifying that the individual no longer meets the medical definition for a disability or the individual does not comply with requests for medical or financial information.

Termed Rescinded: Approved – Disability applications that were initially approved, but the annual medical recertification was completed indicating that the individual was no longer disabled or the individual did not comply with medical or financial requests. The termination may be rescinded upon receipt of a certifying medical report, financial information, or based on an appeal determination.

Withdrawn/Void/Invalid – Disability applications are withdrawn at the request of the applicant. This occurs most often when an applicant returns to active employment and no longer meets the statutory requirements for a disability benefit.

§ 40.63 Waiver – Disability application is submitted and there is a Long-Term Disability Insurance (LTDI) election form that waives all rights to benefits under Wisconsin statutes § 40.63 for a WRS disability retirement benefit.
