CORRESPONDENCE MEMORANDUM

DATE: August 8, 2011
TO: Teachers Retirement Board
Wisconsin Retirement Board
FROM: Diane Poole, Director
Disability Programs Bureau
Division of Insurance Services
SUBJECT: April - June 2011 Quarterly Disability Annuity Statistics

This memo is for informational purposes only. No Board action is required.

Attached is the Wisconsin Retirement System (WRS) *Disability Benefit Annuity Statistical Report* for April through June 2011. The report provides quarterly data on: number of annuities started, options selected, gender, determination, age, and disability type.

TRENDS

The trends, when compared to the same quarter over the past five years, are as follows:

- The number of new disability annuities under the Teachers Retirement Board (TR) is lower. TR Board had 13 under its jurisdiction, compared to an average of 15; the number of new disability annuities under the Wisconsin Retirement Board (WR) was higher, with 42 under its jurisdiction, compared to an average of 37.8.
- The most-selected annuity options under TR and WR jurisdiction were "100% Continued to Named Survivor (Joint Survivor) with 180 Payments Guaranteed."
- For TR and WR Board, females continue to be the predominant user of the \$40.63 Disability Retirement Annuity benefit.
- The majority of TR and WR applications are approved; less than 1% are denied.
- The predominant age group for TR and WR Board is 51-55.
- The prevalent disability types for TR Board annuities for this quarter in the last five years are: neurology, cancer and mental illness. For WR Board annuities, the prevalent disability types are: orthopedic, neurology and multiple medical problems.

Reviewed and approved by Lisa Ellinger, Administrator, Division of Insurance Services.

PRIORITIES

The top priority for the Disability Programs Bureau is to approve disability benefits as quickly as possible so individuals are not without income. Approving a disability benefit requires extensive follow-up with the applicant, employer, and health care providers. An application can take up to a year to process because of this inherent dependency on outside sources to provide documentation. The second priority is to maintain existing disability accounts. This requires obtaining the necessary medical and income information, which also requires extensive communication with outside sources.

We would appreciate any feedback that you may offer for improving this report. Please contact me at (608) 266-5387 or diane.poole@etf.state.wi.us if you have comments or questions.

**STATE OF WISCONSIN
DEPARTMENT OF EMPLOYEE TRUST FUNDS**

**WISCONSIN RETIREMENT SYSTEM (WRS)
DISABILITY BENEFIT ANNUITY STATISTICAL REPORT
APRIL - JUNE 2011**

This report provides a summary of disability information for the Board's review. Department staff have reviewed and made the following recommendations on initial disability applications submitted by participants. Staff review individual participant applications on an ongoing basis to determine if disability benefits can continue. If you have questions or would like additional information regarding disability benefits, please contact Diane Poole at (608) 266-5387 or diane.poole@etf.state.wi.us.

The following key describes the type of disability determinations made by ETF staff:

Approved – Disability applications that meet the service, medical and employer criteria required under § 40.63 (1) and (4), Wis. Stats., are approved and processed for benefit payments.

Cancelled – Disability applications that are incomplete within one year after the Department receives the disability application are cancelled. Applications are considered incomplete if the Department has not received the required medical certification and/or employer statement.

Deemed Approved – Disability applications are deemed approved if the applicant meets the service requirement and the Department receives a valid disability application and one *Medical Report* certifying the applicant's disability prior to the applicant's death. The employer is also required to submit an Employer Statement.

Denial – Disability applications are denied if the applicant does not meet all of the statutory requirements (service, medical and employer statement).

Denial Rescinded: Approved – Disability applications that were initially denied because the applicant did not meet the statutory requirements. The denial has since been overturned and the application approved due to receipt of additional information or as determined by the appropriate Board.

Termed – Disability applications that were initially approved and benefit payments made may be terminated if the Department receives information from a physician certifying that the individual no longer meets the medical definition for a disability or the individual does not comply with requests for medical or financial information.

Termed Rescinded: Approved – Disability applications that were initially approved, but the annual medical recertification was completed indicating that the individual was no longer disabled or the individual did not comply with medical or financial requests. The termination may be rescinded upon receipt of a certifying medical report, financial information, or based on an appeal determination.

Withdrawn/Void/Invalid – Disability applications are withdrawn at the request of the applicant. This occurs most often when an applicant returns to active employment and no longer meets the statutory requirements for a disability benefit.

§ 40.63 Waiver – Disability application is submitted and there is a Long-Term Disability Insurance (LTDI) election form that waives all rights to benefits under Wisconsin statutes § 40.63 for a WRS disability retirement benefit.
