## **Independent Auditor's Report on the Employer Schedules and Other Reporting Required by *Government Auditing Standards***

Senator Eric Wimberger and  
Representative Robert Wittke, Co-chairpersons  
Joint Legislative Audit Committee

Members of the Employee Trust Funds Board and  
Mr. A. John Voelker, Secretary  
Department of Employee Trust Funds

### **Report on the Audit of the Wisconsin Retirement System Employer Schedules**

#### **Opinions**

We have audited the Wisconsin Retirement System Schedule of Employer Allocations and the related notes as of and for the year ended December 31, 2024. We have also audited the columns titled Net Pension Liability (Asset), Total Deferred Outflows of Resources Excluding Employer Specific Amounts, Total Deferred Inflows of Resources Excluding Employer Specific Amounts, and Plan Pension Expense (Revenue) included in the Wisconsin Retirement System Schedule of Collective Pension Amounts and the related notes as of and for the year ended December 31, 2024. The Wisconsin Retirement System is administered by the Department of Employee Trust Funds (ETF).

In our opinion, the accompanying employer schedules referred to above present fairly, in all material respects, the employer allocations and the columns titled Net Pension Liability (Asset), Total Deferred Outflows of Resources Excluding Employer Specific Amounts, Total Deferred Inflows of Resources Excluding Employer Specific Amounts, and Plan Pension Expense (Revenue) included in the Schedule of Collective Pension Amounts of the Wisconsin Retirement System as of and for the year ended December 31, 2024, in accordance with accounting principles generally accepted in the United States of America.

#### **Basis for Opinions**

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, which is issued by the Comptroller General of the United States. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Employer Schedules section. We are required to be independent of ETF and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

#### **Responsibilities of Management for the Employer Schedules**

Management is responsible for the preparation and fair presentation of the employer schedules in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair

presentation of the employer schedules that are free from material misstatement, whether due to fraud or error.

#### **Auditor's Responsibilities for the Audit of the Employer Schedules**

Our objectives are to obtain reasonable assurance about whether the employer schedules are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinions. Reasonable assurance is a high level of assurance but is not absolute assurance. Therefore, reasonable assurance is not a guarantee that an audit conducted in accordance with auditing standards generally accepted in the United States of America and *Government Auditing Standards* will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the employer schedules.

In performing an audit in accordance with auditing standards generally accepted in the United States of America and *Government Auditing Standards*, we exercised professional judgment and maintained professional skepticism throughout the audit. We also identified and assessed the risks of material misstatement of the employer schedules, whether due to fraud or error, and designed and performed audit procedures responsive to those risks. Such procedures included examining, on a test basis, evidence regarding the amounts and disclosures in the employer schedules.

In addition, we obtained an understanding of internal control relevant to the audit in order to design audit procedures that were appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of ETF's internal control. Accordingly, no such opinion is expressed. We also evaluated the appropriateness of accounting policies used and the reasonableness of significant accounting estimates and related disclosures made by management, and evaluated the overall presentation of the employer schedules.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

#### **Other Matter**

We have audited the financial statements of the Wisconsin Retirement System as of and for the year ended December 31, 2024, in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*. In our report thereon, dated September 9, 2025, we express an unmodified opinion on those financial statements, as detailed in report 25-16. Report 25-16 is available on our website at [www.legis.wisconsin.gov/lab](http://www.legis.wisconsin.gov/lab).

#### **Restriction on Use**

Our report is intended solely for the information and use of the Legislature, ETF, the ETF Board, and Wisconsin Retirement System plan employers and their auditors, and is not intended to be and should not be used by anyone other than these specified parties.

#### **Other Reporting Required by *Government Auditing Standards***

In accordance with *Government Auditing Standards*, we have also issued our report dated September 9, 2025, and published in report 25-17, on our consideration of ETF's internal control over financial reporting; our testing of its compliance with certain provisions of laws, regulations, and contracts; and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial

reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of ETF's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* and should be used in considering ETF's internal control over financial reporting and compliance. Report 25-17 is available on our website at [www.legis.wisconsin.gov/lab](http://www.legis.wisconsin.gov/lab).

\$ 1,643,165,403	\$ 5,102,928,087	\$ 487,559,034	\$ 2,496,876,758	\$ 8,087,363,879	\$ (4,795,151,765)	\$ (4,795,151,765)	\$ 2,210,055,362

\*Employer specific amounts that are excluded from this schedule are the changes in proportion and differences between employer contributions and proportionate share of contributions as defined in paragraphs 54-55 of GASB statement No. 68, Accounting and Financial Reporting for Pensions.

The accompanying notes are an integral part of this schedule.

## Notes to the Employer Schedules

**Plan Description** - The Wisconsin Retirement System (WRS) is a cost-sharing, multiple-employer, defined-benefit public employee retirement system established and administered by the State of Wisconsin to provide pension benefits for state and local government employees. The system is administered in accordance with Chapter 40 of the Wisconsin Statutes. The Department of Employee Trust Funds (ETF) is responsible for administration of the WRS, including collecting contributions from employers and paying retirement benefits to WRS participants, and the State of Wisconsin Investment Board (SWIB) is responsible for managing WRS investments.

**Basis of Presentation** - The Schedule of Employer Allocations and Schedule of Collective Pension Amounts (collectively, "the Schedules") present amounts that are elements of the financial statements of the plan or of its participating employers. Accordingly, they do not purport to be a complete presentation of the financial position or changes in financial position of the plan or its participating employers. The accompanying Schedules were prepared in accordance with accounting principles generally accepted in the United States of America. GASB Statement No. 68, *Accounting and Financial Reporting for Pensions*, requires participating employers in the plan to recognize their proportionate share of the collective Net Pension Liability (Asset), collective Deferred Outflows of Resources, collective Deferred Inflows of Resources, and collective Plan Pension Expense (Revenue).

**Schedule of Employer Allocations** - The employer allocation percentages presented in the Schedule of Employer Allocations is based on the employer's average required contribution for the three most recent calendar years compared to the average required contribution for all employers for the same period. If an employer did not participate in the WRS for all three years, their average required employer contributions are based on the years in which they participated. In the case of employer mergers or dissolved employers, prior year contributions are restated based on the status in the final year. The employer allocation percentage is rounded to eight decimal places.

A reconciliation of total contributions presented in the Schedule of Employer Allocations and additions from employer contributions for the plan pursuant to the plan's Statement of Changes in Fiduciary Net Position for the year ended December 31, 2024 is as follows:

Total Three Year Average Contributions per Schedule of Employer Allocations	\$ 1,321,901,164
Reconciling Items:	
Difference between 2024 Employer Required Contributions and the three year average used for the Schedule of Employer Allocations	138,339,857
Additional Employer Contributions	795,949
Employer Contributions for Cost of Actuarial Reduction Applicable to Retirement before Normal Retirement Date	797,327
Employer Contributions to Municipal Police and Firefighters Pension Group	85,755
Total Employer Contributions per Statement of Changes in Fiduciary Net Position	<u>\$ 1,461,920,052</u>

**Schedule of Collective Pension Amounts** - This schedule presents the Net Pension Liability (Asset), Deferred Outflows of Resources, Deferred Inflows of Resources, and Plan Pension Expense (Revenue) for WRS. The employer specific amounts that are excluded from the Total Deferred Outflows and Total Deferred Inflows are the changes in proportion and differences between employer contributions and proportionate share of contributions, as defined in paragraphs 54-55 of GASB Statement No. 68. Employers need to calculate these amounts each year.

**Total Pension Liability** - The Total Pension Liability is measured as of December 31, 2024, based on a December 31, 2023 actuarial valuation rolled forward to December 31, 2024 using standard roll-forward techniques as shown below:

Total Pension Liability - December 31, 2023	\$ 129,184,614,374
Service Cost	2,444,808,116
Interest on Total Pension Liability	8,608,304,000
Difference between expected and actual experience of Total Pension Liability	3,275,022,118
Changes of assumptions	300,254,857
Benefit payments including refunds of employee contributions	(7,628,625,087)
Total Pension Liability - December 31, 2024	<u>\$ 136,184,378,378</u>

**Collective Net Pension Liability (Asset)** - The components of the collective Net Pension Liability (Asset) as of December 31, 2024 are as follows:

Total Pension Liability	\$ 136,184,378,378
Fiduciary Net Position	<u>134,541,212,975</u>
Net Pension Liability (Asset)	<u>\$ 1,643,165,403</u>

The Fiduciary Net Position is 98.79% of the Total Pension Liability.

**Actuarial Assumptions** - The Total Pension Liability was determined using the following actuarial assumptions:

Actuarial Valuation Date:	December 31, 2023
Measurement Date of Net Pension Liability:	December 31, 2024
Experience Study:	January 1, 2021 - December 31, 2023 Published November 19, 2024
Actuarial Cost Method:	Entry Age Normal
Asset Valuation Method:	Fair Value
Long-Term Expected Rate of Return:	6.8%
Discount Rate:	6.8%
Salary Increases	
Wage Inflation:	3.0%
Seniority/Merit:	0.1% - 5.7%
Mortality:	2020 WRS Experience Mortality Table
Post-retirement Adjustments <sup>1</sup> :	1.7%

<sup>1</sup>No post-retirement adjustment is guaranteed. Actual adjustments are based on recognized investment return, actuarial experience and other factors. 1.7% is the assumed annual adjustment based on the investment return assumption and the post-retirement discount rate. Includes the impact of known Market Recognition Account deferred gains/losses on the liability for dividend payments.

Actuarial assumptions are based upon an experience study conducted in 2024 that covered a three-year period from January 1, 2021 to December 31, 2023. Based on this experience study, actuarial assumptions used to measure the Total Pension Liability changed from prior year, including seniority (merit) and separation rates. The Total Pension Liability for December 31, 2024, is based upon a roll-forward of the liability calculated from the December 31, 2023 actuarial valuation.

**Long-term Expected Real Rate of Return** - The long-term expected rate of return on pension plan investments was determined using a building block method in which best-estimate ranges of expected future real rates of return (expected returns, net of pension plan investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. Best estimates of geometric real rates of return for each major asset class included in the pension plan's target asset allocation as of December 31, 2024, are summarized in the following table:

<b>Retirement Funds</b> <b>Asset Allocation Targets and Expected Returns<sup>1</sup></b> <b>As of December 31, 2024</b>			
<b>Core Fund Asset Class</b>	<b>Asset Allocation %</b>	<b>Long-Term Expected Nominal Rate of Return %</b>	<b>Long-Term Expected Real Rate of Return %<sup>2</sup></b>
Public Equity	38%	7.0%	4.3%
Public Fixed Income	27	6.1	3.4
Private Equity/Debt	20	9.5	6.7
Inflation Sensitive Assets	19	4.8	2.1
Real Estate	8	6.5	3.8
Leverage <sup>3</sup>	(12)	3.7	1.1
Total Core Fund	100%	7.5%	4.8%
<b>Variable Fund Asset Class</b>			
U.S. Equities	70%	6.5%	3.8%
International Equities	30	7.4	4.7
Total Variable Fund	100%	6.9%	4.2%

<sup>1</sup>Asset allocations are managed within established ranges; target percentages may differ from actual monthly allocations.

<sup>2</sup>New England Pension Consultants Long Term US CPI (Inflation) Forecast: 2.6%.

<sup>3</sup>The investment policy used for the Core Fund involves reducing equity exposure by leveraging lower-volatility assets, such as fixed income securities. Currently, an asset allocation target of 12% policy leverage is used, subject to an allowable range of up to 20%.

**Discount Rate** - A single discount rate of 6.8% was used to measure the Total Pension Liability for the current and prior year. The discount rate is based on the expected rate of return on pension plan investments. Because of the unique structure of the WRS, the 6.8% expected rate of return implies that a dividend of approximately 1.7% will always be paid after reflecting known changes in the Market Recognition Account. For purposes of the single discount rate, it was assumed that the dividend would always be paid.

The projection of cash flows used to determine the single discount rate assumed that plan member contributions will be made at the current contribution rate and that employer contributions will be made at rates equal to the difference between actuarially determined contribution rates and the member rate. Based on these assumptions, the pension plan's fiduciary net position was projected to be available to make all projected future benefit payments (including expected dividends) of current plan members. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the Total Pension Liability.

**Sensitivity to Changes in Discount Rate** - The following presents the collective Net Pension Liability (Asset), calculated using a single discount rate of 6.8%, as well as what the plan's Net Pension Liability (Asset) would be if it were calculated using a single discount rate that is one percentage point lower (5.8%) or one percentage point higher (7.8%) than the current discount rate (dollars in millions):

	<b>1% Decrease 5.8%</b>	<b>Current Discount Rate 6.8%</b>	<b>1% Increase 7.8%</b>
Total Pension Liability	\$ 149,956,251,011	\$ 136,184,378,378	\$ 126,399,858,143
Plan Fiduciary Net Position	134,541,212,975	134,541,212,975	134,541,212,975
Net Pension Liability (Asset)	<u>\$ 15,415,038,036</u>	<u>\$ 1,643,165,403</u>	<u>\$ (8,141,354,832)</u>

**Collective Deferred Outflows of Resources and Deferred Inflows of Resources** - The collective Deferred Outflows and Inflows of Resources due to liabilities are amortized over the average expected services lives of all members. The average of the expected service lives for purposes of recognizing the applicable deferred outflows and inflows of resources established in the current measurement period is 4.4774 years. The collective Deferred Outflows and Inflows of Resources due to the net difference between projected and actual earnings on pension plan investments is amortized over 5 years. Collective Deferred Outflows of Resources and Inflows of Resources to be recognized in the Current Pension Expense are as follows:

	<b>Outflows of Resources</b>	<b>Inflows of Resources</b>	<b>Net Outflows (Inflows) of Resources</b>
Differences between expected and actual experience	\$ 4,166,881,015	\$ (3,144,980,497)	\$ 1,021,900,518
Assumption Changes	460,751,886	0	460,751,886
Net Difference between projected and actual earnings on pension plan investments	0	(532,099,006)	(532,099,006)
Total	<u>\$ 4,627,632,901</u>	<u>\$ (3,677,079,503)</u>	<u>\$ 950,553,398</u>

Collective Deferred Outflows and Inflows of Resources to be recognized in the future pension expense are as follows:

	<b>Outflows of Resources</b>	<b>Inflows of Resources</b>	<b>Net Outflows (Inflows) of Resources</b>
Differences between expected and actual experience	\$ 5,102,928,087	\$ (4,795,151,765)	\$ 307,776,322
Assumption Changes	487,559,034	0	487,559,034
Net Difference between projected and actual earnings on pension plan investments	2,496,876,758	0	2,496,876,758
Total	<u>\$ 8,087,363,879</u>	<u>\$ (4,795,151,765)</u>	<u>\$ 3,292,212,114</u>

Deferred Outflows and Inflows of Resources will be recognized in future pension expense as follows:

<b>Year Ending December 31</b>	<b>Net Deferred Outflows (Inflows) of Resources</b>
2025	\$ 990,039,429
2026	3,406,920,297
2027	(842,659,396)
2028	(262,088,216)
2029	0
Thereafter	0
Total	<u>\$ 3,292,212,114</u>

Employers may also need to recognize a Deferred Outflow of Resources related to any subsequent contributions made after December 31, 2024 and prior to the employer's fiscal year end, and a Deferred Inflow or Outflow of Resources for changes in proportion.

**Collective Pension Expense/(Revenue)** - The components of allocable pension expense/(revenue) for the year ended December 31, 2024 (excluding employer specific pension expense for changes in proportion) are as follows:

Service Cost	\$ 2,444,808,116
Interest on the Total Pension Liability	8,608,304,000
Employee Contributions	(1,307,218,567)
Projected Earnings on Plan Investments	(8,517,181,566)
Pension Plan Administrative Expense	30,789,981
Recognition of Outflow (Inflow) of Resources due to Liabilities	1,482,652,404
Recognition of Outflow (Inflow) of Resources due to Assets	(532,099,006)
Total Pension Expense/(Revenue)	<u>\$ 2,210,055,362</u>

Employers may also need to consider contributions paid to the WRS to separately finance specific liabilities of the individual employer in determining pension expense.

**Additional Financial Information for the WRS** - For additional information regarding the WRS financial statements and audit report, please visit the Department of Employee Trust Fund's website: <https://etf.wi.gov/about-etf/reports-and-studies/financial-reports-and-statements>.
