Health Plan Quality

Each year, participating health plans are evaluated on key care delivery areas, such as wellness, prevention, disease management, customer satisfaction, and efficient use of resources. Participating health plans report health care quality outcomes to leading national organizations, such as the National Committee for Quality Assurance (NCQA) and the Centers for Medicare & Medicaid Services (CMS). Visit etf.wi.gov for more information about health plan quality. You can use these quality resources to help make an informed decision about which health plan is right for you.
