The Well Wisconsin incentive program is a voluntary program available to employees, retirees and spouses enrolled in the State of Wisconsin Group Health Insurance Program, excluding Medicare Advantage participants who have incentives available through their health plan. The Well Wisconsin incentive will automatically be issued to eligible participants upon completing the applicable activities. All wellness incentives paid to participants are considered taxable income to the group health plan subscriber and are reported to their employer, who will issue a W2. In some cases, the Wisconsin Retirement System acts as the employer. Retirees, continuants and their spouses will have some taxes withheld from the incentive amount earned.

Protect Yourself and Your Community

A flu vaccination doesn't benefit you alone. Not only is getting one your best defense against the flu, it can also help protect grandparents, expecting mothers and other vulnerable people in your community. Flu vaccines are available for all employees and spouses enrolled in the State of Wisconsin Group Health Insurance Program.

DID YOU KNOW?

- The flu virus is constantly changing, so it's important to get vaccinated every year.
- During the 2023-2024 season, CDC estimates that influenza vaccination prevented 9.8 million influenza-related illnesses, 4.8 million medical visits, and 120,000 flu-related hospitalizations. For more information about the flu vaccine, visit cdc.gov/flu.
- Call the nurseline available through your insurance provider if you or your family member is sick to help determine where to go for care.

To register for your flu vaccination appointment, log into the wellness portal at webmdhealth.com/wellwisconsin and click "Register" on the Flu Vaccination card.

GET YOUR VACCINE.
