Sick Leave Credit Re-enrollment Application Information

Re-enrollment

You can only re-enroll for state health insurance coverage during the annual health benefits open enrollment period unless you have an involuntary loss of your comparable non-state coverage. **You must have maintained comparable coverage while your sick leave was escrowed and provide a schedule or summary of benefits when you apply to re-enroll.** (See “Involuntary Loss of Coverage” below.)

The Department of Employee Trust Funds annually notifies annuitants, surviving spouses and dependents with escrowed sick leave credits of the fall enrollment period so that application materials can be obtained. If you do not receive notice and wish to re-enroll, contact ETF in early October. Application materials must be postmarked no later than the last day of the health benefits open enrollment period.

You can re-enroll for coverage to be effective the first of any month in the following year. You can elect either single or family coverage and choose any plan in the state group health insurance program without waiting periods or exclusions for pre-existing conditions, if each person re-enrolling was covered by comparable coverage while the sick leave was escrowed. All re-enrolling participants must have had comparable non-state health insurance coverage continuously throughout the escrow period. You must verify comparable coverage by submitting to ETF a copy of the *Schedule of Benefits* and/or *Summary of Benefits and Coverage* from your previous health insurance provider with this application. You must be re-enrolled before your comparable non-state coverage ceases.

Failure to re-enroll before your comparable non-state coverage ceases will result in the forfeiture of your sick leave credits. Once you have re-enrolled, you may escrow your credits again in the future if comparable non-state coverage becomes available to you.

Comparable Coverage

To re-enroll and use your sick leave credits, you must have maintained coverage that is comparable to the State of Wisconsin's IYC Access Health or IYC Medicare

Plus plan while your sick leave credits were escrowed. To determine this, ETF will review the Summary of Benefits and Coverage (SBC) from your most recent insurance provider. Along with this application, you should submit an SBC that includes all of the following information:

- Deductibles
- Copayments
- Coinsurance rates
- Maximum out of pocket limits
- Pharmacy benefits

Involuntary Loss of Coverage

If your eligibility for your non-state comparable coverage is lost, you may re-enroll at that time in any plan in the State Group Health Insurance Program. If your coverage was lost as the result of an event such as loss of employment or divorce, or your employer's contribution toward your premium ceases, coverage through ETF will be effective on the date your lost coverage terminated. Involuntary loss of coverage does not include voluntary cancellation or coverage lost due to fraud, misrepresentation or delinquent premium payments.

Your re-enrollment application must be received within 30 days of the date your non-state coverage ends. You must also send a letter from the employer or organization that was providing you with health insurance coverage as soon as possible. The loss of coverage letter must include:

- Name of the organization formerly providing coverage,
- Name of the insurance group,
- Date coverage terminated, and
- Reason eligibility for coverage was terminated, subscriber name/number, and a list of who was covered under the policy.

Failure to notify ETF when you lose comparable coverage will result in the forfeiture of your sick leave credits.

Important Medicare Information

Upon re-enrolling, **you and/or your insured dependents must be enrolled for both portions of Medicare** (Hospital Part A and Medical Part B), **when first eligible**. This is required by state statute, as the program is designed to integrate with, rather than duplicate, Medicare benefits.

If your Medicare Parts A and B coverage are not effective on or before the first of the month in which you are required to be enrolled in Medicare, you may be liable for the claims Medicare would have paid.

It is your responsibility to notify us when other family members covered under your policy become eligible for Medicare or become covered under an employer group health plan as a result of active employment, and that policy is the primary payer for Parts A and B charges. This will ensure that your coverage and premium amount remain correct.
