

State of Wisconsin
**Uniform Dental Benefit
 Fact Sheet 2023**

The Uniform Dental Benefit (UDB) is intended to provide dental coverage for preventive, basic and diagnostic services. Since 2016, Delta Dental of Wisconsin has served as the administrator of the Uniform Dental Benefit Program.

The UDB is available to active state employees and state retirees who are enrolled in the State of Wisconsin Group Health Insurance Program. State active employees are automatically enrolled in the UDB and must submit a form to decline coverage.

Local government active employees and local retirees are only eligible for the UDB if their local employer enrolls in the State of Wisconsin Group Health Insurance Program and chooses to offer the UDB.

Coverage and Cost Information

Member's UDB coverage mirrors that of their health insurance; if a member elects family health insurance, they will be enrolled in family dental coverage. If a member elects individual health insurance, they will be enrolled in individual dental coverage.

The UDB costs a state active member \$3 per month for individual coverage and \$10 per month for family coverage. The UDB costs retirees and continuants \$32.08 per month for individual coverage and \$80.20 per month for family coverage.

Like the group health insurance program, a member can only adjust their coverage during the annual open enrollment period, or after a life event.

Uniform Dental Enrollment as of December 31, 2023

Group Number	Location Number	Group Name	Subscriber Enrolled	Spouses Enrolled	Children Enrolled
