

E-Payment Service - Customer Payment Site Redesign - Release Notes

November 2013

Redesigned Customer Payment Site

As you'll see below, there are many enhancements included in the redesign of the E-Payment Service Customer Payment Site. Utilize these release notes during the testing period, which will occur during the period of October 21 through November 8. See first-hand how your payers will benefit from a more intuitive and faster payment process, better navigation and increased security.

In these Release Notes:

Login and Security	1
Make a Payment	4
Account Information	12
Global Page Layout	15
New Payer Emails.....	16
Convenience Fees	17

All of your organization's current configurations, including registration options, payment methods accepted, payment frequencies allowed, customized labels and text, and banners will remain intact in the redesigned site. Since you may not have all functionality enabled for your organization, we've identified who the change applies to and when it is available.

Updated Login and Security

Updated login page

The login page has a new, simple look.

Applies to: All billers who have registered users who login to E-Payment Service

Availability: This change will be made for all billers

The screenshot shows a clean, modern login interface. At the top left is the ABC Co. logo, and at the top right is the slogan "Make life simple". The main heading reads "Welcome to the Electronic Payment System". Below the heading, there is a prompt: "Please enter your User ID and Password and click Log In." There are two input fields: "User ID" and "Password". To the right of each field is a link: "Forgot Your User ID?" and "Forgot Your Password?". Below the input fields is a red "Log In" button. Underneath the button are two links: "Register" and "Pay Without Registering". At the bottom left, it says "powered by usbank". At the bottom right, there are four links: "Customer Service", "Help", "Privacy Policy", and "Security".

Updated Login and Security

New! Forgot User ID feature

If payers forget their User ID, they can easily have it emailed to them.

Applies to: All billers who have registered users who have the ability to change their password and login to E-Payment Service

Availability: This change will be made for all billers

A new Forgot User ID feature will be available for billers who allow registered payments. Payers will provide the email address they have saved to their profile and their User ID will be sent to that email address. If a payer does not have an email address saved to their profile, or if they have more than one User ID associated with their email address, they will be directed to contact customer service.

Forgot User ID

Please enter your email address and click Submit. Your User ID will be sent to the email address you provided. If you need assistance, please call customer service at 123-123-1234.

[Submit](#) [Back](#)

New! Forgot Password feature

If payers forget their password, they will be prompted to provide their User ID, answer a security question and change their password.

Applies to: All billers who have registered users who have the ability to change their password

Availability: This change will be made for all billers

The Forgot Password feature has been revised and will continue to be available for payers who have the ability to change their password. When a payer selects Forgot Password they will be asked to provide their User ID.

Forgot Password

Please enter your User ID and click Submit.

[Submit](#) [Back](#)

Upon submission of a valid User ID, they will answer one of their security questions. (Please see new Security Questions section for more information.)

Forgot Password

Please answer the security question below and click Submit.

What is your father's middle name?

[Submit](#) [Back](#)

After successfully answering the security question, they will enter their new password.

Choose New Password

Please enter your New Password below and click Continue.

New Password

Re-Enter New Password

Updated Login and Security

New! Additional Security Questions required

Two additional security questions will be required to further enhance security.

Applies to: All billers who have registered users who have the ability to change their password

Availability: This change will be made for all billers

We will now collect three security questions from payers who have the ability to change their password. Payers who are already registered in the system will be asked to provide two additional security questions the first time they log in.

Security Questions

For your security, please answer additional security questions and click Continue.

Security Question What is your favorite sports team?

Answer Spartans

Security Question Select

Answer

Security Question Select

Answer

Continue

Billers will be required to provide only one security question when they pre-register payers. Payers who self-register after the release will be asked to provide and answer three security questions.

Remote Web Services (API) – Additional Security Question Option

A change to the Remote Web Services API will optionally allow billers to provide two additional security questions when they send an Add User or Update User API message. An updated WSDL is available on the Administrative Site.

Administrative Site Additional Security Question Display

These additional security questions will be viewable on the Administrative site. These additional security questions can be viewed and selected by Administrative Users on the Administrative Site on the Payer's profile page but are not required.

Shared Secret Question 1: * What is your favorite sports team?

Shared Secret Answer 1: * Spartans

Shared Secret Question 2: * What is your father's middle name?

Shared Secret Answer 2: * Jim

Shared Secret Question 3: * Who was your favorite teacher?

Shared Secret Answer 3: * Mrs. Smith

Make a Payment Tab

New! Make a Payment Tab

Payers can easily make a payment on one page.

Applies to: All billers who accept payments on the Customer Payment site

Availability: This change will be made for all billers

The payment process has been revised so that both registered and unregistered payers, can complete a payment on a single page, **Make a Payment**. Several new enhancements are available on this page:

- A new optional Welcome User message can be enabled that will show the profile first name for all registered payers at the top of the page as shown here:

Welcome Test User

- For increased security, registered payers will now see information on their last login.

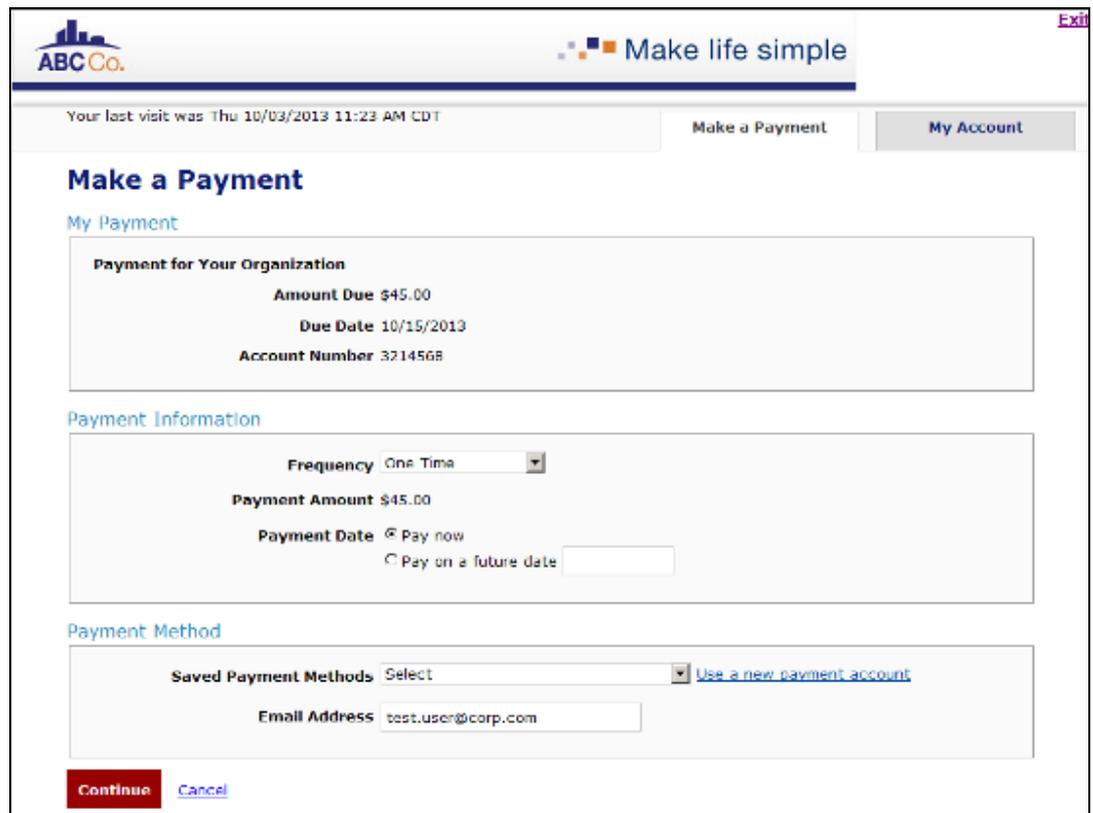

Your last visit was Thu, 09/12/2013, 09:39 AM CDT

- A new optional alert can be enabled to show payers that they have a pending payment or active recurring payment schedule.

Make a Payment

 You have a Pending Payment of \$60.20 scheduled to be paid on 09/17/2013.

An example of the Make a Payment page is shown below:

ABC Co. Make life simple

Your last visit was Thu 10/03/2013 11:23 AM CDT

Make a Payment My Account

Email Address test.user@corp.com

Continue Cancel

The Make a Payment page has several sections, which are described on the following pages.

My Payment Section

My Payment Section

My Payment

Payment for Your Organization

Amount Due \$45.00

Due Date 09/15/2013

Account Number 3214568

My Payment section displays the product name and contains information that is passed in the session transfer, provided in the pre-registration file, or sent via Remote Web Services (API), which may include due date, amount due and any passed or collected parameters. If no information is passed to display, this section will not appear and the payer will see:

My Payment – *your product name*

Any parameters that have instructional text will show in the helper text next to the parameter:

The screenshot shows an input field labeled "Invoice Number" with a question mark icon. A blue helper text bubble points to the field, containing the text: "Please enter your invoice number which can be found in the upper right hand corner of your statement."

Payment Information Section

Payment Information Section

Payment Information

Frequency One Time

Payment Amount \$45.00

Payment Date Pay now

Pay on a future date

In the Payment Information section, the payer will select their payment frequency, amount and date - depending on the options that are available to them.

An example of an installment recurring payment frequency is shown below:

The screenshot shows the "Payment Information" section with the following fields and options:

- Frequency:** Recurring Payment (dropdown menu)
- Frequency Options:** Monthly (dropdown menu)
- Payment Amount:** \$45.00
- Next Payment Date:** 10/15/2013 (text input)
- Duration:**
 - Continue for Payments
 - Continue until
 - Continue until cancelled

E-Payment Service - Customer Payment Site Redesign - Release Notes

An example of a variable recurring payment frequency is shown below:

Payment Information

Frequency

Payment Schedule the Due Date

Payment Amount Full Amount Due

Next Payment Date 9/25/2013

Duration Continue until cancelled

Unregistered payers who make a payment to a biller that allows recurring payments will now have the ability to select a recurring payment frequency. The user will be required to register to complete the payment. If the user opts to register, they will be navigated to the My Profile page where, upon completing registration, they will be returned to the Make a Payment page to complete their payment.

Contact Information Section

Contact Information Section –
Unregistered
Payments Only

The Contact Information section will be presented to unregistered payers for input of their information. Any information passed in the session transfer will be pre-populated as it functions today. If available, the payer can select to become a registered user and will be navigated to the Profile page to complete their registration.

Review Payment Page

New Name: Review Payment

The Verify Payment page will be renamed Review Payment. The layout of this page will be updated with these changes:

Improved layout.

Applies to: All billers who accept payments on the Customer Payment site

Availability: This change will be made for all billers

- The Description field will show:
 - Biller Long Name
 - Product Name
 - Biller website
- The payer email address collection field will be moved to the payment method section on the Make a Payment page.
- If enabled, the duplicate payment checkbox will be moved from the page and will show as an alert that payers will see before they are navigated to the Review Payment page.
- Registered payers will see:

Alert

A similar payment was initiated within the last 14 days.
Do you wish to proceed with this payment?

[Continue Payment](#) [View My Payments](#)

Unregistered payers will see:

Alert

A similar payment was initiated within the last 14 days.
Do you wish to proceed with this payment?

[Continue Payment](#) [Cancel](#)

For billers that accept late payments, a new warning message will display at the top of the Review Payment page:

 This payment is scheduled to be made after the due date and will be late.

Enhanced page layout.

Status Description Updates

Updated Payment Status Descriptions

Applies to: All status descriptions on the Customer Payment site and Administrative site

Availability: This change will be made for all billers

Several payment status descriptions will be updated to better reflect the payment status and be easier for payers to understand. The changes will be made to all areas where status description displays on the Customer Payment site and the Administrative site. The updated status descriptions are:

- Pending changed to **Scheduled**
- Sent changed to **Processed**

The status descriptions will not change for remittance files or real-time payment confirmations (RTPC).

Session Transfer Updates

Updated Session Transfer

Applies to: All billers who accept payments on the Customer Payment site

Availability: This change will be made for all billers

Your existing session transfers will not be impacted and modifications will not be required; however, several changes will be made to the session transfer behavior in this release. If a payment method or payment frequency is included in the session transfer for the payer, then only that method or frequency will be available for the payer to make a payment. For example, if ACH is sent over in the session transfer, Checking or Savings will be pre-selected for the payer. The user will be able to select a previously saved Checking or Savings account or set up a new one.

If the payer has been disabled from making ACH payments, either systematically or by an administrative user, and the biller accepts credit or debit cards, the payer will have the option to pay using that method.

The date format for E-Payment Service Customer Payment site will be MM/DD/YYYY. While the date format for the Due Date field passed in your session transfer will remain YYYY-MM-DD, it is recommended that any date passed in your session transfers as a parameter, such as Last Payment Date, follow this date format.

E-Payment Service - Customer Payment Site Redesign - Release Notes

Global Page Layout

Page Layout Updates

Banner and Exit link

Applies to: All billers who accept payments on the Customer Payment site

Availability: This change will be made for all billers

E-Payment Service will continue to support a fixed width banner of 750 pixels. Some suggested best practices are:

- Use a banner/logo that has a white background
- Do not provide a banner that has borders
- Add gradation to fade the banner to white on the right side

If you would like to provide a new banner, please send an email to EPaymentServiceInfo@usbank.com and we will work with you to update your banner.

The Exit link will replace the logout button and will display in the upper right corner of the login page. If your organization customizes the Exit link, the customized text will appear when the user hovers over the link, not as the actual link. Below is an example of how a customized Exit link will appear when a payer hovers over the link.

This Exit link will be suppressed for billers who currently suppress the Logout button.

Payer assistance links and new Help site.

The links for payer assistance, Customer Service, Help and privacy Policy, will appear at the bottom of all pages, along with a new Security link which includes browser requirements with new security content. The Help link has been updated to a new Help site where customers will now have the ability to customize their Help content by linking it to their own organization-hosted Help site.

New Security information.

Security and Browser Requirements

Online Security

Your security is very important and we are committed to protecting your personal information from unauthorized access or use. All data transmissions between your computer and the payment site are encrypted using the strongest-available, industry-standard SSL (Secure Socket Layer) protocols. Physical, technical and administrative security measures have been implemented that comply with industry standards, including network firewalls, Secure Sockets Layer (SSL) encryption for online sessions, dedicated security teams and secured files and buildings.

You will always know your online payment session is secured by looking for the small padlock icon  (usually located in the lower right corner of your Web browser window or next to the address bar). A closed, or locked, padlock indicates a secure connection between your computer and the payment site. You can also look for the "https://" at the beginning of the Web site address, or URL, in your Web browser. The "s" means secure.

As a safety precaution, your secured payment session will be terminated for you after 15 minutes of inactivity. If your session is terminated before you've completed your payment, you will need to restart your online payment process again.

Lastly, you play an important role in protecting your own security. Above all, always maintain the secrecy of your Login Credentials. Never tell anyone your Password or write it down in a place where it could be associated with your User ID.

Browsers

The following browsers are compatible with this payment site:

- Microsoft Internet Explorer versions 8.0+
- Mozilla Firefox versions 16.0+
- Apple Safari versions 6.0+
- Google Chrome

Upgrading your browser is quick, easy, and free! Even if you already have the required minimum browser version, you may want to consider upgrading. Just follow one of these links

- [Microsoft Internet Explorer Downloads](#)
- [Firefox Product Downloads](#)
- [Google Chrome Downloads](#)
- [Safari Downloads](#)

New Payer Email for Profile Updates

New! Email for Profile Updates

A new email message will be sent to registered payers when they update their profile credentials including when they answer or change the two new security questions. An example of the email is shown below. This email is not customizable.

Applies to: All biller who accept registered payments

Availability: This change will be made for all billers

Subject: Login credentials have changed for Your Organization electronic payment system.
*** PLEASE DO NOT RESPOND TO THIS EMAIL ***
This email is being sent to confirm recent updates made to your Password and/or security questions. Thank you for keeping your information current.
If you did not request updates to your login credentials, please call Customer Service at (123)123-1234.

The default content for several emails will be modified. These emails include the new user registration email and the password reset email. These remain customizable but the default content will be modified.

An example of the password reset email follows:

Subject: New Password for Test Organization electronic payment system.
*** PLEASE DO NOT RESPOND TO THIS EMAIL ***
In response to your request, a new password has been assigned to your <u>username</u> for the Test Organization fee test electronic payment system.
Password: nY(d1Ou1C
Your registration information can be viewed and changed online by choosing My Account after you login.
Please feel free to use this electronic payment system to make various kinds of payments in the future. At any time, you can login to check the status of payments or to update your registration and account information.

An example of the modified registration confirmation email is shown below:

Subject: Registration Confirmation for KR Test electronic payment system.
*** PLEASE DO NOT RESPOND TO THIS EMAIL ***
Thank you for registering for KR Test electronic payment system. Your username is as follows:
Username: ktest1
Your registration information can be viewed and changed online by choosing My Account after you login.
Please feel free to use this electronic payment system to make various kinds of payments in the future. At any time, you can login to check the status of payments or to update your registration and account information.

Find A Payment Enhancement

Updated Find a Payment

Applies to: Billers who accept unregistered payments

Availability: This change will be made for all billers

The Find a Payment link will be enhanced to make it easier for unregistered payers to find payment information. Currently, payers who access the Find a Payment feature are required to enter their email address as well as the payment confirmation number to look up a payment. Now payers who do not have their confirmation number simply need to enter their email address and their most recent payment detail will be emailed to them.

Find a Payment

To find a payment, enter the confirmation number and the email address. If you do not know the confirmation number, please enter the email address used for the payment. An email will be sent to you with the confirmation number for the most recent payment activity.

Confirmation Number (Optional)

Email Address

Note: If you did not provide an email address when you made your payment, you will be unable to check the status of your payment through this site. If you need assistance, please call customer service at 123-123-1234.

[Continue](#) [Back](#)

The Find a Payment link will display when the session transfer contains a product code and the Disallow Login is set to Y, as shown below. If your organization does not wish to display the Find a Payment link, it is recommended that you remove the Disallow Login line from the session transfer.

[Find a Payment](#) [Exit](#)

Make a Payment

Administrative Site Updates

Administrative Site Updates

Applies to: All billers

Availability: This change will be made for all billers

The Administrative site will now show administrative user the date and time of their last visit to the Administrative site for security purposes. This information will display in the upper right corner of the site when the user accesses the Administrative Site:

Security Officer
Administrative Website
Your last visit was Thu, 07/25/2013, 10:32 AM CDT

Convenience Fee Updates

Convenience Fee Updates

Applies to: Billers who charge convenience fees and collect credit card payments

Availability: Changes will be made by request

The ability to set different fees for Credit Card and Signature Debit Card payments will be added to E-Payment Service. The Signature Debit Card convenience fee can be set up as a flat, percentage or tiered fee. Billers who wish to update the fee charged for Signature Debit transactions should contact their Treasury Management Consultant. If no updates are made, the fee for Signature debit payments will remain the same as that set for Credit Card payments.

The label 'convenience fee' will be changed to 'service fee' for all billers that charge a two transaction convenience fee. This label will be changed on all pages in the system where the label displays.
